Parent comments:

Great advice for parents to help our children with spellings.
 Our child loves coming to school everyday and enjoys learning.
 We have seen a noticeable improvement to our child's interest in learning this year. Thank you to all involved.
 Our child's teacher is fantastic!
 Very impressed with how the school is being led and operated.
 We love receiving more regular updates. The newsletter is great!
 We are really happy with the new clubs that have started this year.
 The new systems in place have improved my opinion of the school. I feel that I am kept more informed about what my child is doing.
 Like the regular updates but would like some more about my child's progress throughout the year, rather than just at parents evening.
