Knowledge about the Great Plague

- ❑ Rats carried the fleas that caused the plague. They were attracted by city streets filled with rubbish and waste.
- ❑ Being a plague doctor was an unpleasant job and dangerous job. They wore a long cloak, gloves, hat and a mask to protect themselves.
- ❑ The most common symptoms included headaches, fever, vomiting, painful swellings on the neck, armpits and groin (known as buboes), blisters and bruises and coughing up blood.
- ❑ There was no cure for the plague. People suffering or showing symptoms of the plague had to isolate in their homes for 40 days. A large red cross was nailed to the front door to warn others that those inside were infected.

Plague Doctor

What happened at Eyam?
